

ISAAC MIRALLES ROGER

Junior Full Stack Developer

8th Caramuel St. Madrid, Spain • isaacmiralles@gmail.com • + 34 644 133 042 • Github: gao83

Web developer trained in MERN Stack (Javascript (ES6), MongoDB, Express, React, NodeJS, HTML, CSS3) I am a proactive, fast learning and hard worker individual, who is willing to succeed in the field of web development.

PROJECTS

ZOMBIES APP

HTML5 | CSS3 | JAVASCRIPT | CANVAS

Classical zombies survivor game developed with Canvas and DOM manipulation.

RESTAURANTS ROAD

HTML5 | CSS3 | JAVASCRIPT | EXPRESS | NODE | MONGODB | GOOGLE API

Web app where users can look up roadside restaurants with detailed info. These restaurants are created by them and can be saved in their profiles using forms and the Google Places API where name and location of the restaurants can be found.

RE_EDUC

HTML5 | CSS3 | JAVASCRIPT | REACT | EXPRESS | NODE | MONGODB | STRIPE

Web of online education where professionals upload courses and users can buy their content. Some of its functionalities are conditional rendering based on the user's role, courses and professionals' ratings and posts. We used stripe direct payment as the payment method. Deployed.
